

It is important to inform our team if you need additional support to get help from Trafford SENDIASS.

You may need additional support because you have:

- a communication difficulty
- a hearing difficulty
- a visual impairment
- difficulties with reading and writing
- a physical disability
- a social, emotional or mental health difficulty
- a learning disability
- English as a second language
- any other issue or condition that affects your ability to express your views, wishes, and rights, and to get support for your child or for yourself.

The aim of Trafford SENDIASS is always to enable parents/carers and young people to make confident, independent, and informed decisions.

We will, therefore, assess every situation to understand the level of support required. This includes those where the parent/carer, child, or young person has additional support needs.

Please tell us if you need support at your first contact with us, this could be by telephone or email. The sooner we know the better we can help you.
